June 19, 2020

Greetings!

I would like to thank you for your tremendous support of the school over the past three months. This has been a trying time for all of us and we've worked together throughout the experience to make the best of a very difficult situation. You and the students did a great job this school year. I hope you get to enjoy sometime this summer to rest and recharge.

Thank you again for your overwhelming support of our school budget. As I've stated many times before, we never take your support for granted and will continue to work and earn that support as we strive to be the model of rural education where you want your children to learn and grow.

Very soon, report cards will be on their way home. You may have them already. Please do not hesitate to contact us if you have questions. We are still planning how next year will look. We will continue to provide updates as we have during the closure over the summer to keep you updated.

We have announced that graduation will take place on July 24th at the school. Details will be coming in the near future for families with seniors. The number of people who can be in attendance for graduation will depend on changes in the status of COVID-19 and the regulations from the health department. The current restriction is 150 people in total.

Finally, we'd like some feedback from you about how well you feel we communicated with you during the COVID-19 crisis. The link may be found on the website or listed below.

Have a great summer!
